

Armor Credit Services specializes in improving credit scores. They utilized over 14 years experience in battling for the consumer's rights in accordance with the credit reporting industry laws. Their comprehensive approach and results have set them as a leader in the credit score improvement industry.

The experienced professional staff works hard for you in a proactive manner to achieve results that you can count on. Average increases in credit scores of 60-120+ will position your credit ratings for not only your mortgage needs but with higher credit scores, you will benefit with lower auto and homeowners insurance, lower auto loan payments, and become a better candidate for employers.

Armor Credit Services' Credit Score Improvement program offers many benefits. The primary components of the service are:

- Deletion or upgrade of your derogatory / negative credit accounts – utilizing their extensive knowledge of the laws that regulate the credit reporting agencies and creditors
- Analysis and coaching on your positive credit accounts – how to improve them and if necessary, where and how to obtain new credit accounts to re-establish positive credit
- Credit Education – they provide an extensive credit and debt educational program which empowers you to be a knowledgeable and competent credit consumer
